

CAMARILLO MIRAMONTE HOA
Satellite Dishes and/or Private TV Antennas

1. Homeowner needs to submit an architectural request form with details as to **WHERE** and **HOW** the dish will be installed.
2. Homeowner must submit, in writing, a notice assuming all responsibility of damage caused by wires entering the unit and satellite installation.
3. Satellites may **NOT** be installed on the **ROOF** of any unit. Satellites can be placed on the fascia boards, eaves, wooden window trims, and tripods in patios. No satellite dish may be installed into the stucco.
4. Satellite dishes must be **REMOVED** when the unit is sold, prior to the close of escrow.
