***Please verify pricing with vendors at time of purchase to confirm these are correct. Pricing for Exterior Doors is for Fiberglass doors only. Fiberglass doors come with warranty - Steel doors do not. Any Half Moon design is acceptable. These are comparison prices of same type of doors but not necessarily same door brand or quality. Please ask those questions of whichever company you call, including your own licensed and insured contractor that you may want to hire (required since this is structural). Some door frames aren't exactly 36" so may need a custom door frame, which is more costly so contractor will come out to measure before giving exact price. SSI HOA does not endorse any vendor. Vendors are responsible for and guarantee their own work. Permit required for sliding doors and windows.

ALL DOORS, SCREEN DOORS AND STORM DOORS MUST BE IN WHITE. IT IS HIGHLY RECOMMENDED TO INSTALL FIBERGLASS EXTERIOR DOORS RATHER THAN STEEL DOORS AS STEEL CAN RUST, GET DINGS IN THEM AND DOES NOT COME WITH A WARRANTY. ALL DOORS MUST BE KEPT CLEAN AND WELL MAINTAINED. IF DOORS OR SCREEN DOORS GET RUSTY, SHOW WEAR AND TEAR OR HAVE PAINT PEELING OFF, THEY MUST BE REPLACED WITH THE APPROVED MODELS.
